A Project Report Submitted in Partial Fulfillment of the Requirements for the Degree of Bachelor of Science in Computer Science and Engineering.

DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING
FACULTY OF ENGINEERING & TECHNOLOGY
EASTERN UNIVERSITY
BANGLADESH

October 2019

Declaration

We hereby declare that the work in being presented in this project entitled "**Accounting Management System**" in partial fulfillment of the requirement for the degree of Bachelor of Science in **Computer Science & Engineering** under the faculty of Engineering and Technology, Eastern University, Dhaka Bangladesh in authentic record of our own work carried out under the supervisor of **Muhammad Mahfuz Hasan.** It is also declared neither this report nor any part of it has been submitted elsewhere for the award of any kind of degree.

_____

Tanvir Ahmed

This project entitled **"Accounting Management System**" submitted by Md. Shoaib Hossain (ID: 153410012), Farjana Akter (ID: 153410014), Md. Mostafijur Rahman (ID: 153410035), Purna Banik (ID: 162410007), and Tanvir Ahmed (ID: 162410016) has been accepted satisfactory in partial fulfillment of the requirement for the degree Bachelor of Science in Computer Science and Engineering.

Board of Examiners

_____

Muhammad Mahfuz Hasan
Assistant professor — **Chairman**
Department of Computer Science and Engineering. (Supervisor)
Eastern University.

_____

Prof. Dr. Mahfuzur Rahman
Dean, Faculty Engineering & Technology
& — **Member**
Chairperson, Department of Computer Science and Engineering (Ex-Officio)
Eastern University.

_____

Md. Towfiqur Rahman
Lecturer — **Member**
Department of Computer Science and Engineering
Eastern University

_____

Md. Mahir Ashhab
Lecturer — **Member**
Department of Computer Science and Engineering
Eastern University

ACKNOWLEDGEMENT

First of all we would like to thank the Almighty Allah .We are successful in computing our work with such as becomes, He gave us the ability, chance, and a cooperative Supervisor.

The first person we would like to thank Professor Dr. Md**. Mahfuz Rahman**, Dean, Faculty of E&T, Easter University, for giving us the opportunity to work at this project. The second person we would like to thank is our supervisor **Muhammad Mahfuz Hasan**, Assistant professor, Faculty of Engineering & Technology, for his guidance and direct supervisor, his kindness and constant encouragement.

We would also like to express our gratitude to our parents and teachers for bringing us up where we are today. We are thankful to the Department of Computer Science & Engineering, Eastern University, for providing us with an excellent educational environment and computing facility. We also offer our best regards Eastern University administration, and all other esteemed teachers of the department for their affectionate feelings and encouragement throughout the period of our research work.

Last off all we are grateful to our family; who are, always with us in every step of our life.

ABSTRACT

In this era of digital Bangladesh, like many other developed countries we are growing as a digital nation keeping tremendous pace with the other countries. One of the most trending and talked about sector in this digital revolution is Software and its applications. It is not only limited to Dhaka city rather its roots are spreading to the most remote areas of Bangladesh.

In this project, we are developing a fully functioning **Accounting Management System** which is market ready and it is backed by the most secure platform of codelgniter framework (PHP). Members and can visit the software.

The project's main intriguing feature is its back-end structure and coding standard and we are proud to say that it is free of many trending vulnerabilities.

ABSTRACT…… v

TABLE OF CONTENTS……..... vi

1.0 INTRODUCTION…….....01-05

1.1 Introduction …… 02
1.2 Objective ……...…….. 03
1.3 Motivation ……..... 03
1.4 Tools…..…….. 03
1.4.1 Hardware …… 03
1.4.2 Software ……..... 03
1.4.3 Technology ……04
1.5 Methodology…… 05

2.0 Problem Statement……..05-06

2.1 Problem Statement ……..... 06

3.0 Literature Review……07-09

3.1 Project Life Cycle ……..... 08
3.1.1 Project initiation ……08
3.1.2 Project execution …… 08
3.1.3 Project development …….. 09

4.0 Project Modules & System Analysis ……..10-14

4.1 Project Modules…… 11
4.1.1 Sub System Module …… 11
4.1.2 User Module …… 11
4.2 Process Modeling…….. 12
4.3 Input Design ……..... 12
4.4 Out Design……12
4.5 System Analysis …….. 12

4.5.1 Existing System ……. 12
4.5.2 Proposed System …… 13
4.5.3 Flow Chart of Proposed System …… 13
4.5.3.1 Flow Chart of new entry form ……. 13
4.5.3.2 Flow Chart of edit entry form …….. 14

5.0 System Design……..... 15-23

5.1 Introduction…….. 16
5.2 Development Model ……. 16
5.3 Data Flow Diagram (DFD)…… 16-20
5.4 Entity Relationship Model …….. 21-22
5.5 Schema Diagram……..... .23
5.6 Optimization of Code……..…….23

6.0 Project Layout……..... 24-29

7.0 Testing……..... 30-35

7.1 Software Testing …… 31
7.2 Characteristics of Good Test …… 31
7.3 Black box Testing …… 31
7.4 White Box Testing ……..... 32
7.5 Grey Box Testing ……. 32
7.6 Unit Testing …….. 32
7.7 Integration Testing ……... 32
7.8 The Nature of Software Defects ……... 33

8.0 FUTURE SCOPE & Conclusions……..... 36-37

8.1 Future Scope ……..... 37
8.2 Conclusions……... 37

References……..... 38
