To Sum It Up

Here's a table summarizing the normal balances of the accounting elements, and the actions to increase or decrease them. Notice that the normal balance is the same as the action to increase the account.

Accounting Element	Normal Balance	To Increase	To Decrease
1. Assets	Debit	Debit	Credit
2. Liabilities	Credit	Credit	Debit
3. Capital	Credit	Credit	Debit
4. Withdrawal	Debit	Debit	Credit
5. Income	Credit	Credit	Debit
6. Expense	Debit	Debit	Credit
